Natural resources trust fund; reversion of unexpended funds.

Sec. 402. Any unobligated balance in any natural resources trust fund appropriation made under part 1 shall not revert to the funds from which appropriated at the close of the fiscal year, but shall continue until the purpose for which it was appropriated is completed for a period not to exceed 3 fiscal years. The unexpended balance of any natural resources trust fund appropriation made in part 1 remaining after the purpose for which it was appropriated is completed shall revert to the Michigan natural resources trust fund and be made available for appropriation.

Sec. 501. Welfare-to-work funds appropriated in part 1 of this bill are intended to support eligible services delivered from October 1, 2000, through September 30, 2001.

Michigan technical education centers; work project; disposition.

Sec. 502. (1) For the fiscal year ending September 30, 2001, the appropriation contained in 1999 PA 120 to the department of career development for the Michigan technical education centers and established as a work project pursuant to 1984 PA 431, MCL 18.1451a, shall be reduced from \$75,000,000.00 to \$55,000,000.00.

(2) The reduced appropriation of \$20,000,000.00 authorized in this section for the Michigan technical education centers and financed from tobacco settlement revenue is hereby deposited into the state general fund for the fiscal year ending September 30, 2001.

DEPARTMENT OF COMMUNITY HEALTH

Use of funds to reimburse HMOs.

Sec. 550. (1) In lieu of implementing per diems in policy bulletin MSA 01-03 related to Medicaid conditions of participation for hospitals and removing references to per diem payments, the department may utilize up to \$2,500,000.00 from the outpatient adjustor and \$1,500,000.00 from available lapses in the health plan services line to reimburse HMOs that can demonstrate that they have suffered a financial loss due to reimbursing non-contracting hospitals at fee-for-service rates rather than on a per diem basis. Medicaid notices of proposed policies 0039-Hospital and 0004-Hospital, relating to payments under the outpatient hospital adjustor and graduate medical education payments respectively, shall have all references to per diem payments deleted.

(2) It is the intent of the legislature that HMOs shall have contracts with hospitals within a reasonable distance from their enrollees. If a hospital does not contract with one

or more HMOs, in which it has no financial interest and whose facility is in a service area with one or more HMOs, that hospital shall allow for the admission of HMO enrollees by a physician under contract with excluded HMOs who has admitting privileges at that hospital.

- (3) In the absence of a contract with a hospital, a HMO shall reimburse that hospital at Medicaid fee-for-service rates for medically necessary and appropriately authorized services, arranged by a physician under contract with the HMO and who has admitting privileges at that hospital. The department shall reimburse the HMO the differential between the actuarially equivalent per diem rate and the actual Medicaid fee-for-service payment that was paid to the hospital by the HMO.
- (4) The conditions specified in subsection (3) shall only apply to those HMOs that can certify that the capitation rates, on which their bid for inclusion in the state's Medicaid managed care program was made, were based on per diem and not fee-for-service estimates for inpatient hospital services.
- (5) To the extent that a HMO identified in subsection (4) can demonstrate that they have sustained a financial loss, due to the requirement that they reimburse non-contracting hospitals on a fee-for-service basis rather than on a per diem basis, for the period from October 1, 2000 to the effective date of this act, the department shall reimburse the affected HMO for such losses from the fund sources identified in subsection (1).

FAMILY INDEPENDENCE AGENCY

Child support automation and legal support contracts.

Sec. 701. The general fund/general purpose appropriation in part 1 for child support automation and legal support contracts is intended to replace federal title IV-D revenues which will not be received by the state due to the imposition of child support penalties by the federal department of health and human services. The appropriation in part 1 may only be used to replace federal title IV-D revenues for the family independence agency and for those counties which are currently operating the state child support enforcement system or who have signed a letter of agreement with the family independence agency to implement the state child support enforcement system within specified time frames.

Federal title IV-D incentive payment revenues; retention.

Sec. 702. In addition to the amount specified in section 401 of 2000 PA 294, the family independence agency may retain any federal title IV-D incentive payment revenues withheld from counties due to enforcement of penalty provisions in family independence agency cooperative reimbursement agreements with those counties, and expend these funds for any child support program purpose.

Maximizing temporary assistance for needy families' maintenance; realignment of financing sources.

Sec. 703. The family independence agency, with the approval of the state budget director, is authorized to realign sources of financing authorizations in 2000 PA 294 in order to maximize temporary assistance for needy families' maintenance of effort countable expenditures. This realignment of financing shall not be made until 15 days after notifying the chairs of the senate and house appropriations subcommittees for the family independence agency budget and senate and house fiscal agencies, and shall not produce an increase or decrease in any line-item expenditure authorization.

Leased space; contract prohibited.

Sec. 704. Effective August 1, 2001, the family independence agency shall not expend funds appropriated in part 1 of 2000 PA 294 to contract for leased space at 899 West Baltimore, Detroit, Michigan.

JUDICIARY

Judiciary's hold harmless fund; lapse.

Sec. 801. Pursuant to section 151b of the revised judicature act of 1961, 1961 PA 236, MCL 600.151b, the unreserved balance in the judiciary's hold harmless fund lapses to the general fund effective September 30, 2001. An amount not to exceed \$5,341,000.00 of the funds lapsed to the general fund is hereby appropriated to the judiciary budget for the fiscal year ending September 30, 2001.

DEPARTMENT OF MANAGEMENT AND BUDGET

E-Michigan office; advertising on state website; private or public funding sources; receipt and expenditure of funds; lapse.

Sec. 901. (1) The e-Michigan office may sell and accept paid advertising for placement on any state website under its jurisdiction. The office shall review and approve the content of each advertisement.
